My pet, *[pet's name]*, had a very close call recently.

[Tell your story and how Mission Animal Hospital helped you]

Mission Animal Hospital saved my pet's life because of their commitment to accessible veterinary medicine, which allowed me to afford my furry family member's care.

There are so many others like me, and I want to pay it forward and help other pets in need and that's why I'm walking in Mission's upcoming Mission Paw-looza fun run. Will you join me in making a donation to Mission Animal Hospital to help save pets like me?

Every dollar donated goes to helping pets and families in need access critical care.

Please check out my personal fundraising page and make a donation *[insert the link to your page]* Thank you so much for your support of pets and families in need! .

I want to share with you about a cause that is so close to my heart—providing accessible veterinary care to pets in need. There are more than 19 million pets living in underserved communities, and nearly 70% of those pets have never received any veterinary care. When disaster strikes for pets and families in need, many have to choose between care for their pet and rent payments, medications, or groceries.

This is why I'm walking in Mission Animal Hospital's Mission Paw-looza's fun run. They're committed to providing accessible care to pets in need. I encourage you to make a donation on my personal fundraising page *[insert your fundraising page]*. Thank you so much for your generous support of pets and families in need!

As many of you know, my pets are my family. I'm lucky enough to have to have the ability to afford their veterinary care. I can't imagine what it would be like to have an emergency come up for them, and not be able to get them the care they need. But that's the reality for many families in need. This is why I'm a supporter of Mission Animal Hospital. Their work is so important to me, and I've decided to participate in fundraising as part of their upcoming Mission Paw-looza Fun Run!
